

Logging In to Blackboard Vista

Blackboard Vista (formerly known as WebCT) is a university-wide password protected course management system. Many TAMUQ instructors use this tool to deliver course information and materials.

In order to logon to Blackboard Vista, please follow these steps:

1. Open a Web browser and go to the Web address: <http://elearning.tamu.edu>.
2. Select TAMU (NetID) under Vista LOGINS (Figure 1).

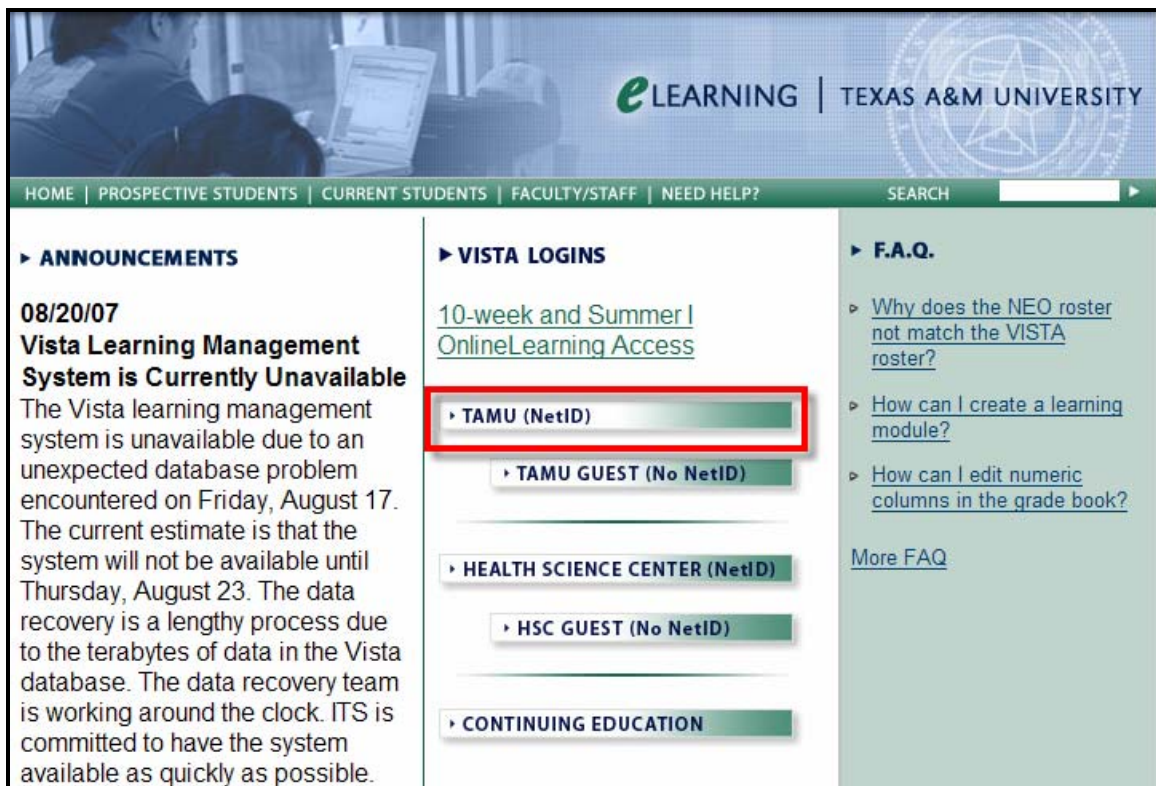

Figure 1. Blackboard Vista Logon Screen

3. You will be redirected to the Central Authentication System. Use your **NetID and password** to logon (Figure 2).

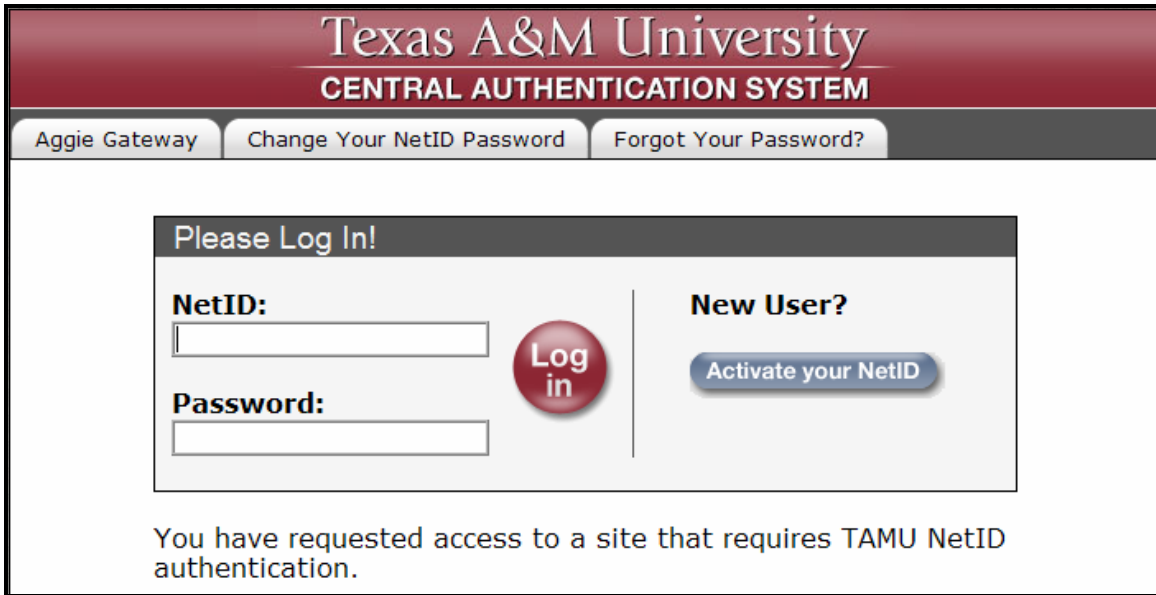

Figure 2. Logging on with NetID and password

4. After logging in, your My Vista page will appear (Figure 3). All of the courses you are registered for (or are the instructor of), which use Vista should be listed on your **MyVista** page. Select the course title hyperlink to access the course.

How You Can Get Help If You Cannot Log In

First, try to log in to Neo. If you cannot log in to Neo, please visit the ITS Helpdesk or for assistance. If you are able to log into Neo, but not Vista, please check if you are affected by any of the following:

- **NetID change:** If your NetID has changed, the change will be made in Vista the following night.
- **Late registration:** If you registered for the course late, it will take up to two nights for the information to be loaded into Vista.
- **NetID:** Make sure that you are using your NetID to log in to Vista. To determine this, you can search for your name at **<http://neo.tamu.edu>**.

If you do not fall into any of these categories, are unable to wait to get into your course, or if you have other questions, please email **helpdesk@qatar.tamu.edu**.
